# ABOUT DD HAMMOCKS

---

DD have been at the forefront of hammock camping since 2005. Our current range of exciting and innovative products are the result of many years of prototype building, testing in different environments and long periods of development, combined with some great feedback and suggestions we've received from many people along the way.

We have an extensive knowledge of hammock camping in some very harsh environments and our products are built to withstand the worst nature can throw at them. We believe innovation of products should be ongoing and we continue to spend many hours working on existing products as well as new and exiting ideas.

Some of the products we have developed over the years include a hammock / bivi (sleep on the ground or hang from the trees!); a high spec fully modular hammock; hammock specific sleeping bags; very versatile tarps and the lightest hammock in the world!

We are a small friendly team based in Edinburgh in the UK and we sell our products worldwide. Our range includes products suitable for hot, cold, windy, wet and extreme environments all over the world. Our products are used by some of the leading bushcraft schools, jungle training organisations, on TV survival shows and by people like you and us.

We aim to offer a quick and friendly service, answering all emails and shipping all orders quickly.

We hope you find this brochure interesting and if you have any questions please let us know.

All the best,

Nick and the team at DD

# DD Frontline Hammock

## SPECS:

<b>Size:</b>	2.7m x 1.4m
<b>Weight:</b>	860g (excl. webbing)
<b>Includes:</b>	Strong webbing (10m) 2 x 2m Elastic Cord 2 x Lightweight Poles Stuff Sack
<b>Colour:</b>	Olive green, Coyote brown, Jet black Sunset orange, MC

Our popular DD Frontline Hammock is a versatile and tough double-layered design, with a breathable base and its mosquito net built in - meaning that it excels in both hot and cold climates.

Pair it with a DD Underblanket and DD Inflatable Mat to camp in comfort during the colder months, or take it on a tropical expedition - its netting and breathable material make it an ideal jungle hammock.

Sleep 100% bug-free with the Frontline's insect net zipped up, or simply unzip both sides and roll up to secure out of the way. Alternatively, suspend the hammock with the net on the bottom to lounge out in the sun!

# DD XL Frontline Hammock

## SPECS:

<b>Size:</b>	3m x 1.8m
<b>Weight:</b>	1250g (excl. webbing and poles)
<b>Includes:</b>	Webbing (10m) 2 x 1m elastic cord 2 x curved net poles Hanging pocket Stuff Sack
<b>Colour:</b>	Olive green, MC

The massive DD XL Frontline offers the same breathable base and ultra-fine bug netting as our regular Frontline - but features full curved spreader poles to maximise the benefit of the extra floor width.

### Year-round comfort

With its breathable base the XL Frontline Hammock performs well in a variety of climates, including the jungle - making it an undeniably comfortable camping solution!

Sleep 100% bug-free with the net fully deployed, or simply unzip both sides and roll up over the poles to secure out of the way. Used with a ground sheet, this hammock also makes a roomy bivi.

# DD Travel Hammock / Bivi

## SPECS:

<b>Size:</b>	2.7m x 1.4m
<b>Weight:</b>	930g (excl. webbing)
<b>Includes:</b>	Strong webbing (10m) 2 x 2m Elastic Cord 2 x Lightweight Poles Stuff Sack
<b>Colour:</b>	Olive green Coyote Brown

The DD Travel Hammock uses the same design as our Frontline Hammock, the only difference is the two base layers are waterproof. Waterproof floor allows you to set this hammock up on wet ground as a basic bivi if required.

Zip up built on mosquito net for 100% bug protection, or simply unzip both sides and roll up to secure out of the way. Alternatively, suspend the hammock with the net on the bottom to lounge out in the sun!

**Please note:** Some Travel Hammock users may experience mild condensation due to the waterproof floor. This can be down to the air flow into the hammock set-up or the sleeping temperature of the individual. To increase air flow, we recommend suspending your tarp higher up or in a 'diamond' formation.

## SPECS:

<b>Size:</b>	2.7m x 1.4m
<b>Weight:</b>	650g (excl. webbing)
<b>Includes:</b>	Webbing (10m) Stuff Sack
<b>Colour:</b>	Olive green

The DD Camping Hammock is our original hammock – first released in 2005, and still enjoyed the world over by beginners and seasoned hammock campers alike!

Durable and lightweight, the Camping Hammock suits a range of uses from leisure to wild camping. It also benefits from two zip-open layers for you to put either a thermarest between, or yourself!

Whether you're planning to lounge under the sun in your garden or spend a night amongst the trees in the wild, you can rely on the Camping Hammock for optimum comfort and durability.

# DD Hammock Mosquito Net

## SPECS:

<b>Size:</b>	Suitable for all DD Hammocks up to 2.7m long
<b>Weight:</b>	550g (excl. webbing)
<b>Includes:</b>	Elastic Cord 2 x Spreader Poles Stuff Sack
<b>Colour:</b>	Black

If you have a non-netted hammock such as the Camping or Scout hammock, you may find you'd like the option of insect protection.

The Bushmasters Hammock Mosquito Net offers 360 degrees of ultra-fine netting, featuring zippered entry, suspender poles with elastic to raise it, and secure drawcord closure at each end.

This net was developed along with Bushmasters.co.uk, who run military and jungle survival and training courses in the Amazon rainforest. So you can be sure it will keep out all insects – including the Scottish midge!

# DD Underblanket

## SPECS:

**Size:** 2m long, fits all DD hammocks

**Weight:** 950g

**Includes:** 8 x Mini Karabiners  
Elastic cord  
Stuff sack

**Colour:** Olive green

Suitable for use in temperatures down to -5C, the DD Underblanket works to prevent heat loss from beneath you. Hang it under your hammock, and feel the warmth generated in minutes for a cosy nights sleep!

### How does it work?

In hammock camping, the majority of heat loss is from below due to your body weight compressing your clothing or the loft in your sleeping bag. The Underblanket combats this by hanging below your hammock so the loft is not compressed, creating a pocket of air warmed by your body heat. It should be hung with a little slack to gently 'hug' the hammock when you're inside.

# DD Hammock Quilt

## SPECS:

<b>Size:</b>	Comfy for people up to 6ft 5ins
<b>Weight:</b>	875g
<b>Includes:</b>	Compression sack
<b>Colour:</b>	Olive green

The DD Hammock Quilt makes an ideal comfort solution for spring-to-autumn camping, and is the perfect insulation companion to the DD Underblanket.

With its asymmetrical design along with central press-studs and drawcords at both ends to close it, the options are numerous: throw it over yourself, draw it in around your feet, or wrap it around you completely. It's also much easier to get into than a sleeping bag, especially if you're already in your hammock!

The DD Hammock Quilt offers its optimum comfort level when used in temperatures down to 2°C (35°F) with an Underblanket.
